

North Sea Coin (\$NSC) Whitepaper

1. Introduction

In the depths of the North Sea, a legendary Viking treasure lay hidden for centuries - until now. North Sea Coin (\$NSC) is a Solana-based meme coin with real utility, built for high-speed transactions, low fees, and a thriving community. Inspired by Viking legends, the abyss of the deep sea, and the power of decentralized finance (DeFi), \$NSC is more than just a meme - it's an unstoppable force in crypto.

2. Vision & Mission

Vision:

To create a next-generation, community-driven Solana meme coin that integrates DeFi, NFTs, and Play-to-Earn gaming.

Mission:

- Harness Solana's scalability for a fast, efficient, and secure meme coin.
- Build an NFT and Play-to-Earn (P2E) ecosystem based on Viking lore and North Sea exploration.
- Introduce staking, governance, and real-world adoption for long-term sustainability.
- Expand into gaming, metaverse integrations, and Solana-based DeFi solutions.
